## HISTORY OF THE COLLEGE

The origin of Maharani Kasiswari College may be linked to the great love for education and learning of the Cossimbazar Royal Family of Murshidabad. Starting from Krishna Kanta Nandy, great - grandson of Kalinath Nandy (founder of Cossimbazar Estate) to Raja Harinath (grandson of 'Kanta Babu'), Raja Krishnath (son of Harinath), Swarnamoyee (wife of Maharaja Manindra (nephew of Maharani Maharaja Sris Chandra Chandra Nandy) - all wealth towards the cause Bengal. Establishment of Krishnath College of Duffrin Medical Hostel of other schools and examples of their promotion of education

**Maharani Kasiswari Nandy**

M a h a r a n i Raja Krishnath), Chandra Nandy Swarnamoyee), Nandy (son of Manindra spent majority of their of Education throughout Hindu College, Berhampore, Lady Kolkata and several colleges are few immense patronage for in Bengal.

This college building at 20, Ramkanto Bose Street, Shyambazar, was an ancestral property of Maharaja Manindra Nandy. In this house, he was born on 29<sup>th</sup> May, 1860 and was married to Maharani Kasiswari of Burdwan when He was seventeen and the Bride was only seven. In 1897, Manindra Chandra left Kolkata for Cossimbazar Estate.

After the demise of Manindra Chandra, Maharaja Sris Chandra donated their house for setting up of a College in that premises. The mission was made possible through immense initiative of some spirited persons of North Kolkata at that time. On 15<sup>th</sup> July, 1941 Maharaja Manindra Chandra College was established. From 1st October, 1947, a morning section of the College was opened to meet the aspirations of the neighbourhood girls for education. Maharani Kasiswari College came into existence when in 1964, according to the direction of UGC, Manindra Chandra College was split up into three units - Morning, Day and Evening, with separate affiliations under CU. The Morning section, meant exclusively for Girl students, started functioning from 2nd December, 1964 and was named as Maharani Kasiswari College, to perpetuate the memory of Maharani Kasiswari, who once entered this house as a 7 year old bride. Since its inception, the college believes in the idea that Education Empowers Women - psychologically, economically, politically and socially at the levels of Family, Community, Society, National and International.

- **Access to Learning :**
- College aims to play a very much student friendly role. All members of the college are accessible and co-operative. Students may approach them any time for academic and also for any other crisis.
- **Developing Self-reliance :**
- College has an objective for developing self-reliance among girl students, through providing different career-oriented courses for them.
- **Development of Inherent Abilities :**
- College has set goal to bring out the inherent cultural and other traits of the students through inspiring them for taking parts in Annual Cultural Competitions, Social Function, Intra and Inter-College sports meet, etc.
- **Generating Social Commitment and Responsibilities :**
- The college aims to convince students that true education needs personal achievements combined with social commitments. Students of the college work regularly, specially under the guidance of the NSS and the NCC units of the college, for helping the under- privileged sections of the society and for serving the Nation.

Let both of us (teacher and disciple) be equally protected. Let knowledge permeate both of us in same measure. Let learning invigorate us.  
Let there never be any malice between us.

## FROM PRINCIPAL'S DESK

*It is a great pleasure  
for one to play  
With the innocent children  
like soft clay  
To build up on the brightest bay  
Of the ocean of knowledge,  
the only way.....  
The young generation  
of a nation lay  
The morning sun  
showing the day  
Can make a beautiful  
world to say  
Let's work together,  
love each other, Hey!!  
We have success,  
we have fun, we have gay!!*

Children are legally defined as adult at the age of eighteen. After completing school education they come to the College and spend a reasonable part of the most energetic and important time in life. An educational institution offers various avenues to choose for making a golden future for them. Our institution is happy to dedicate its infrastructure with full capacity to all the students.

The undergraduate study is the foundation of higher academic career. All the teachers are ready to discuss with the students on academic matter in class and after class. The central library and the seminar libraries of each department should be utilized as much as possible. The library and office staff are always ready to help the students in every possible way. Other than the text books and reference books related to syllabus, the library has been enriched with books and journals on various areas of Literature, Science, Commercial, Economic and Social applications and on technological progress of the world.

A complete human being with social responsibilities is grown up under counselling by the parents, the teachers and books and above all self-study along with nature. Education is the key to empower one in self-study. It is our duty to train the children to look at circumstances rationally, take decision independently, distinguish between good and bad and have moral support to everything positively for the welfare of the society, the country and the world.

Depending on practical need, with emphasis on economic independence of students after regular academic degrees, we have arranged for a well-equipped computer centre with efficient trainers for various diploma and certificate courses in computer helpful to secure good jobs. We are also conducting Basic and Advanced computer courses in collaboration with Webel Technology Limited. Another important qualification for securing job is capability to talk in English.

For this we are conducting Communicative English classes by reputed teachers from British Institute. As another avenue towards job prospects, we are running certificate course on "Pre Primary Teachers Training" for boys and girls both. It is high time to become conscious about the starting of education in nursery level. Keeping that in mind the college is playing its part as a study centre for "Pre Primary Teachers' Training". Any education cannot be applied without a good health. We have provision for utilizing gymnasium with modern equipment and a qualified trainer. All students should avail this facility. We will be able to restart it from the

new session only if a reasonable no. of students show interest to join. Discipline is the key to success in every field. We have a unit of NCC which takes active role in various programmes of Govt, of India. We have also started training on self-defence by a group of trained NCC students (present and passed out) for rest of our students. Our students are praised during performance on self-defence in other colleges also.

For direct contact with the society, to aware backward people about education, about various diseases and about nutrition, our college plays an important role through students by seminars, camps including all students. A group of students take active part in programmes under National Service Scheme (NSS). A man or woman cannot make the environment full of pleasure, cannot spread fragrances to life without having sense of culture. The college is a platform to express their talents and inner feelings through cultural programmes, intra-college and inter-college competitions arranged time to time and also by writing in college magazine and departmental journals.

Our institution is like a family. Students, teachers & all other staff are members of that big family. Unity is always the strength, let us unite together to perform something which will put our footprint in the history of mankind. Maharani Kasiswari College arranges for various cultural & social programmes throughout the year. There are lot of sincere performers with talent among our students. They should come forward to take part in various programmes, various competitions and sports (College & University). The new comers are welcome to all activities in such a big organization. Any suggestion for better service towards students will highly be appreciated. Please feel free to communicate directly to the Principal through the DROP BOX kept beside door of Principal's room or on emergency talk to her directly for any kind of academic or other suggestion / problems. All of you are ORDERED to protest against any kind of illegal forceful attitude, oppression, coercion, violence from any corner. It should be immediately reported to the Principal. We all will solve our problems (made by anybody inside or outside) together with courage, patience and confidence. We have enough potential. We must overcome any adverse situation only if we take care of our Institution and take responsibilities from the core of our heart.

A few more words are to be put here for the difficult situation the entire mankind is passing through. The abnormal pandemic situation has already taken away many friends including teachers and teaching assistants. We have to overcome lot of hurdles to continue our education system to progress instead of breaking. The modern technology provides extra pillars to hold the structure strongly as well as adorably. We, the stakeholders of Maharani Kasiswari College are fighting together to win the war against the extraordinary situation created harshly by the cruel Covid-19 virus. After taking admission all the new members of our college will have to coordinate with the new system of communication in the teaching-learning process. All are welcome with affection

Whenever we have some thought constructive  
The Almighty is always there to keep us active  
He is with all energy waiting for when we receive  
To swim against negative waves in life to survive.  
One should be happy for the beautiful world to arrive  
Infinite capability is within oneself one has to believe  
One should Enjoy life with others to live and let live  
And gain peace when not taking revenge one can forgive.

## ONLINE LEARNING STRATEGIES

The current pandemic crisis caused by the global spread of Covid-19 and its multiple variants has thrown up a lot of challenges for the education sector. Traditional methods of campus learning had to be radically changed in view of the sudden closure of school, colleges and universities. E-learning was in place in Maharani Kasiswari College even in pre-pandemic times as **ICT** based teaching modes and usage of **digital classrooms** were some of the ways in which digital learning was being promoted in offline classes. But online classes became the order of the day as the college and its stakeholders adopted **online learning modes, computer-mediated learning and web-based templates to create a successful network of delivery system.**

Synchronous learning methods using various real-time communication platforms such as **Zoom, Skype, Google-meet** helped create a **structured routine-based class lecture system.** Overcoming initial bottlenecks such as difficulty in choice of a mutually convenient platform, weak connectivity issues for students and slow pace of adjustment to the new method of teaching, Maharani Kasiswari College successfully built its digital capital and ensured inclusivity for all sections of students. Currently most departments hold structured classes on **Google-meet** to ensure that students can access classes on their mobiles and devices other than laptops and also because this platform offers a larger participant base and is more user friendly. This has allowed for prompt feedback from students and interactive sessions across the digital screen. The digital connect through virtual classroom has also used asynchronous methods such as uploading of materials on **Google-classroom**, posting of files in **Whatsapp groups**, sending **YouTube links** which students can access at a convenient time from the comfort of their homes. Such delivery methods are based on the idea of digital inclusivity for those students who have weak internet connections, insufficient bandwidths and low affordability for high-value data packages. Departments also adjust routines to allow students break from the monotony of constant exposure to the electronic screen.

Departments also upload **e-books, articles, recordings of audio-video lectures and links to other legal openaccess resources onto the college website.** This allows students to participate in a continual, fluid, readily accessible virtual classroom beyond the scheduled hours.

The college **Research Cell** has collaborated with the **IQAC** to conduct a series of **departmental webinars** on topics related to the syllabus. The webinar format made it possible to organize lectures by academic luminaries and eminent life-skill experts. Students responded with great enthusiasm by participating in such departmental events by making digital posters, participating as moderators, real-time performers; experimenting with the various templates of electronic presentations.

Students also spontaneously celebrated online Rabindra Jayanti, Independence Day, Food and Nutrition Week, The 'Ismat Chughtai' Week and other cultural programmes electronically. They uploaded videos and audios and reached a wider audience.

The radical transitioning from blended modes to e-learning methodology highlighted some deeper issues such as digital-divide and a few initial teething problems regarding security issues in certain platforms. But Maharani Kasiswari College administration, its teaching community, its library staff and its non-teaching staff updated their skill-base promptly adapting to the web-based technology to bring about

### ONLINE ORIENTATION PROGRAMME FOR NEW ENTRANTS : ACADEMIC SESSION 2020-21

Subsequent to the successful completion of the process of admission to the undergraduate courses, at the beginning of every academic session, Maharani Kasiswari College conducts an orientation programme for all the new entrants institutions to control the spread of Covid-19, the college organized an e-Orientation session. It rose to the occasion to the institution. The year 2020 was different. In view of the pandemic and state-mandated closure of all educational and under the competent guidance of the Principal Dr. Sima Chakraborty and an equally efficient team of technical experts, the college conducted the online orientation programme via the Zoom platform on 4th of November 2020. Pass codes and meeting IDs were posted on the college website way ahead of the scheduled date to ensure maximum participation of the new inductees to the college. The programme was conducted in two slots: one started at 9 a.m. and involved entrants to the B.A/B.Sc.(Honours and General) courses while the other was scheduled at 11.30 a.m. for B.Com (Honours and General) students.

- The first slot was moderated by Dr. Anindita Hore (Assistant Professor, Dept of Political Science) and the second slot was moderated by Dr. Sayanti Bhowmik (Assistant Professor, Dept. of Education).
- The inaugural address was delivered by Dr Anindita Ray Chakraborty (HOD, Food and Nutrition) in the first slot. She warmly welcomed the student into the digital platform and emphasised the need to adapt to the changed scenario.
- In her address, the Principal offered the students a clear road map to navigate the transitional zone between higher secondary education and the university affiliated undergraduate courses. She familiarized the students with the values, the history and the vision and mission of the college.
- Prof. Sunanda Mukherjee (Associate Professor and HoD, Economics) meticulously introduced the details of the CBCS and laid down the ground rules of discipline and other regulations.
- This was followed by a formal introduction to all faculty members.
- All HoDs unmuted their audios and appeared on screen with departmental colleagues, introducing the latter to the new students. This was done to give student a sense of electronic-campus community and to offer an idea of the range of digital platforms and tools in use in the college.
- This was followed by introductory message by the Prof. Shukla Sarkar, (Incharge, NCC Unit & Assistant Professor, Dept. of History) who informed the students about the commendable performance and various activities of the NCC unit of the college. She alerted the students to the various opportunities to serve the nation as a young cadet and to learn self-defence tactics as a part of the training to become one.
- Prof. Gobindo Mondal (Programme Officer, NSS unit and Assistant Professor, Head, Department of Bengali) inspired the students to associate themselves with NSS unit of the college and build their social capital. He discussed how effective social participation through NSS member could change their learning outcomes and develop a holistic approach to education.
- Inductees were introduced to various learning resources available both offline and online in the college, by Sri Shyam Prasad Ram (Librarian and Coordinator of Placement Cell). He spoke of the range of digitally accessible books, newsletters, open access journals that the students could use from the comfort of their home in the current pandemic situation.
- The office administration's unhindered support for all was offered by Sri Subrata Kundu (In-charge, Non-Teaching Staff, and Office).
- The second slot for B.Com (Honours and General) began with an inaugural address by Prof. Arpita Bhaduri, Sanyal (Assistant Professor and Head, Department of Computer Science). Prof. Bhaduri pointed out the need to adjust to the new normal, web-based learning system. She spoke of the range of e-learning platforms used by teachers of the college.
- In her welcome address, the Principal Dr. Sima Chakraborty warmly greeted them to their online campus and encouraged them to make every possible effort to build a strong career path.
- Dr. Sudipta Ghosh (HOD, Commerce) highlighted some of the basic details about the department and introduced his colleagues to the students.
- Language group teachers were formally introduced as all students have compulsory language courses.
- The Academic Committee Convenor, NCC In-charge, the NSS Programme Officer, the Librarian and Co-ordinator, Placement Cell, Administrative staff all reiterated their messages.
- The session ended on a vote of thanks by Dr. Sayanti Bhowmik. The e-orientation marks a new milestone in the history of the institution.

## ONLINE CELEBRATION OF VIDYASAGAR BICENTENARY

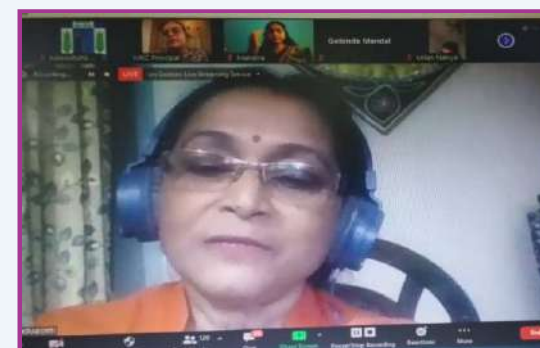

### CELEBRATION OF VIDYASAGAR BICENTENARY by Maharani Kasiswari College

Iswar Chandra Vidyasagar, the harbinger of modern thinking and education in Bengal, was not only an accomplished academician but was a man par excellence in humanity. The year 2020 was the birth bi-centenary of this glorious human being and the celebrations for the same started way back in 2019 all over the state and the country as well. And why not? For he was the man who was the pioneer of the modern Bengali language and did a lot of good work for the society, especially the neglected women.

The students, teachers and the entire family of Maharani Kasiswari College also joined in this celebration and organized various unique programs to pay their respect to Vidyasagar. There was a grand commencement of the programme with a massive procession from the College premises to "Vidyasagar –bati", his abode during his lifetime. The procession was a one- of- its- kind with lovely banners depicting slogans that included quotes from his books, his teachings, photographs from the annals of history and much more. The mood was set with lovely, inspirational songs sung by the teachers and students of the college and a bold rally marked the dawn of the 200th year of the great Bengali. Following this there took place a discussion in which a relative of the departed polymath spoke on him and his greatness. The year 2020 brought with it worry, but also the 200th birth anniversary of Vidyasagar. The year was adorned with various colourful events and activities relating to the legend such as essay writing competitions and speeches, relating to the 'Sea of Knowledge'. A webinar was soon held, wherein several cultural activities and discussions were held in the memory of Vidyasagar. The moderators of the webinar impressed everyone with the great research that they did on Vidyasagar. The cultural and intellectual activities of all the events, held in the memory of the great scholar were a worthy way of offering a birthday gift to the great scholar. These events marked the closure of his 200th birth year in splendour, beauty and glory and were a humble effort to commemorate the greatness of Iswar Chandra Vidyasagar, the miraculous man.

## THE BRITISH INSTITUTE

The British Institute originating from the School of Career, London, in association with The British Institute of Commerce, The British Institute of Engineering Technology (BIET), London was established in India in 1935.

From the very beginning The British Institute is involved in teaching through home study courses, a method approved by leading professional bodies, employers and educationists. Above all it has been accepted by millions of students world wide in pursuit of knowledge for a worthwhile career. The British institute of Engineering Technnology BIET is serving the need of career aspirants of our country with a single objective to make them achievement minded and perfectionist. It has been the duty of BIET for the last 86 years to whistle a tune to the career- conscious student.

In the present age, a student with the privilege of an English Medium background fights more confidently in this less-job-more- heads society, than the others. BIET realizes the basic need of this section and has come up with a promise to make the students feel equal and confident.

BIET has sketched a special course for career-conscious students of Maharani Kasiswari College on Communicative/Functional English emphasizing on personality Development.

Annual Excursion programme for students are organized by the college authorities. Departmental excursions are also arranged regularly.

- **PARENT-TEACHER MEETINGS**

The college conducts Parent-Teacher Meetings which enable parents to interact with the teachers. Teachers also get opportunity to suggest academic matters parents should look after when their wards are in home. Parents are also informed, about the latest developments of the college. Frank and face-to-face interactions of this kind between parents and teachers go a long way in the all-round development of the students' career.

- **YOGA, GYM, SELF DEFENCE CELL**

**YOGA :** The college conducts Yoga classes on a regular basis to foster a sense of physical and mental pride and joy in maintaining a healthy mind in a healthy body.

**GYM :** The institution offers fitness schedules for its students in its in-house gymnasium. A major revamping of the facility is under way. It will provide a multipurpose athletic facility for the students.

**SELF DEFENCE :** It is very much essential for every individual to defend herself / himself in adverse situation. In present days, specially for the girls it is mandatory to prepare herself in such a way so that she can defend herself against any gender based violence. To fulfill this purpose, our college has opened a 'Self Defence Cell' for the students from the session, 2016-17. This course has two parts - Basic Training (3 months / 30 classes) and Advanced Training (3 months / 30 classes). Any student from any stream can join the course. Interested students may contact *Moumita Das (Mob. No. 9748821908)*.

- **STUDENTS'COUNSELLING COMMITTEE :**

There is a Students' Counselling Committee of formed under the chairmanship of the Principal and some teachers as active members of the Committee. The committee counsel the students of the College in academic and allied issues. There is an opinion box adjacent to the Principal's room. Students may submit statements regarding their problems in writing.

- **STUDENTS' CAREER DEVELOPMENT AND PLACEMENT COUNSELLING:**

There is an arrangement for career development and placement of students through Students' Career Development and Placement Counselling Committee. There is regular display of information about seminars, workshops, employment opportunities on college notice board. Seminars, workshops and campus drives are arranged by reputed professional organizations like ICA, NUT, Aptec, Globsyn Business School, Dreamzone, Amazon, Tibet Tours and Travels, Avisari Holidays, Wheels and Wings, Pathfinder, ICICI Foundation, International School of Design etc. to provide knowledge about various career opportunities and to increase interview facing skills of students. Another add-on advantage for students is the availability of important and necessary books, newspapers, magazines and study materials to get prepared for different competitive examinations of the Central Govt, and the State Govt. This college has a tie up with WEBEL Technology Ltd. (A Govt, of West Bengal Undertaking) to provide computer literacy and training programme for the college students. In the last session (from July 2018 to May 2019), nearly 20 students of the college have been placed in different sectors/organisations.

**FUTURE PLANS:**

- ✦ Provide Career guidance to the students from the external experts.
- ✦ Give Exposure to students about career and placement in their respective disciplines.
- ✦ Establish network with different corporate and agencies.
- ✦ Prepare the students to make them employable.

- **COMMON ROOM:**

The college has spacious common room for students. A number of Journals, Magazines and Newspapers are subscribed for the common room which is so arranged to be a place both for study and recreation. There are arrangements for various indoor games like Table Tennis, Carom, etc.

- **CHEAPSTORE:**

There is one cheap store in the college from where students can buy their required books, khatas and other educational stationaries at reasonable rates.

- **CANTEEN:**

The college authority has accommodated a canteen in the main building which supply variety of foods at reasonable rates for the staff and the students.

- **GRIEVANCE REDRESSAL CELL:**

The college has a Grievance Redressal Cell to look into grievances among the students regarding college administration, infrastructure, teaching-learning etc.

- **ANTI- RAGGING COMMITTEE & ANTI-RAGGING SQUAD:**

Our College has formed Anti-Ragging Committee and Anti-Ragging Squad on and from 6th July, 2007 for complying with the directions of the Hon'ble Supreme Court of India on measures against Ragging in educational institutions. Students are directed to contact the committee members for immediate reporting of any case of ragging within the college premises.

- **SANITARY NAPKIN VENDING MACHINE:**

Sanitary Napkin Vending machines have been installed in the college premise so that students have easy access to resources to secure menstrual hygiene.

- **SEXUAL HARASSMENT REDRESSAL CELL:**

In our college there is a 'Sexual Harassment Redressal Cell' on and from July 8, 2005. It comprises of a few teacher members who are accessible and sensitive to students. Students may come for availing any type of help regarding any sexual harassment within the college campus. An Internal Complaints Committee has been set up in the college for prohibition, prevention and redressal of sexual harassment.

- **NATIONAL SERVICE SCHEME (NSS):**

The college runs one unit of National Service Scheme - Unit I, sponsored by the University of Calcutta. Students are encouraged to take part in NSS activities. ## IQAC

Internal Quality Assurance Cell (IQAC) is instrumental in making necessary recommendations for the all-round growth and quality control of the human resources as well as material resources available in the domain of the college. The IQAC monitors overall academic ambience, quality in teaching-learning and needs of the students. As per the guidelines of the UGC and NAAC, IQAC was formed in the year 2011 in Maharani Kasiswari College. The Cell comprises of the Principal, senior faculty members, external members, non-teaching staff and student representatives. This cell is active in providing support to the college in various ways with regard to quality maintenance.

- I. This Cell collects feedbacks from the final year students of the college. The reports are analysed and issues evolved thereof are placed before the Principal, the Teachers' Council and also the concerned departments.
- II. IQAC collects self appraisal from the teachers which are taken to the Principal for annual assessment.
- III. This cell prepares the Annual Quality Assurance Report (AQAR) for submission to NAAC.
- IV. IQAC monitors the research activities of the teachers and keeps records for future analysis.

### Research Cell Maharani Kasiswari College

The word 'research' refers to the quest for knowledge. Research is a scientific and systematic search for pertinent information on a specific topic. Research in education refers to an activity, directed towards the development of an organized body of scientific knowledge about the events with which educators are concerned. The same views drive this college to create 'Research Cell' in January, 2020 patronized by the principal madam.

Research Cell, along with the Department of Commerce organised a national level webinar on the theme artificial intelligence and healthcare business on 23rd August, 2020. More than 1300 participants were registered across India and outside India. Honourable speaker was Dr. Anupam Ghosh, Assistant Professor, Department of Business Management, Birla Institute of Technology, Mesra, Ranchi, India.

Research Cell of Maharani Kasiswari College published a peer reviewed multidisciplinary edited book in January, 2021. The title of the book is 'March through Search: A Multidisciplinary Research Book' and ISBN is 978-93-88866-49-1. This peer reviewed multidisciplinary edited research volume contains total 24 research papers covering different disciplines like research methods, commerce, food and nutrition, education, sociology and computer science. Contributors are from India as well as outside India.
