

VISIT TO BELUR MATH

Dept. of Education

On 31st may 2023, the students of semester 2, 2023 and all faculties of Education department had an opportunity to visit belur math. All the students were assembled in front of college Maharani Kasiswari college at 7am. After assembling we all boarded the metro train at 7.30am and reached Dakhineswar at 8am. After that the students and all faculty members of Education department taken auto rickshaw to reach belur math at 8.25am. It sprawls over forty acres of land on the western bank of the River Hooghly (Ganga), in Howrah district. It is a place of peace for people from all over the world. The campus has mainly three temples dedicated to Sri Ramakrishna, Sri Sarada Devi and Swami Vivekananda.

The students visited various places inside the math and had taken small rest under the lavish green lawn and under the trees. The three temples, bookstall, and museum were visited by them and seeing the sight scene of Hooghly river. The various wings managed by Ramakrishna Mission in relation to education for the vulnerable group of society, one is Jana Sikhon Kendra which provides training of class12 passed students on various traits. The students visited various places inside the math and then went to jana shikhon Kendra to visit various traits which are taught in there. On this day 5 traits are taught with hand on practice knowledge.

The traits are two wheeler repairing, television, computer ,LCD repairing, welding, A.C. repairing and various brands of mobile repairing.

Figure 3: Students observing ongoing trait hand on practice in Jana Sikhon Kendra.

It was hot and sultry morning and students are observing each trait with patience. The mentor and instructor of various traits had given explanation and students of various traits show their practical knowledge in various traits. The students show enthusiasm and asked various queries regarding traits.

Figure 4: Students listening about traits in Jana Sikhon Kendra.

The branch centres of the Math and the Mission run hospitals, dispensaries, mobile medical units, colleges, schools, polytechnics, hostels, orphanages, libraries, publication houses, rural development centers, etc catering to the needs of thousands of people. The twin organizations have also been ever vigilant and intensely active in rendering relief to the victims of earthquakes, floods, famines, epidemics, cyclones, riots and such other calamities.

As we had collected coupons of prasada then we were all returned to math for prasada. The students after making queue had gone to dining space of 2500 people for prasada with teaching faculty, after taking prasada the students returned to their homes by their own. Some students accompanied teachers who were coming to college by metro. From college they disburse to their homes. It was a wonderful experience for students and they enrich their knowledge in karam yoga and gyan yoga.
